NEWS RELEASE

Temporary Traffic Disruption from Sidewalk Construction

HINESVILLE, Ga. (February 20, 2019) – Beginning Monday, February 25, citizens travelling on South Main Street between Glenn Bryant Road and Desert Storm Drive may experience temporary traffic delays.

Installation of a new storm drain along the side of South Main Street is anticipated to begin on Monday, February 25 and continue for approximately three weeks.

Installation of the new sidewalks on this section of the project is scheduled to begin on Wednesday, March 6 and will last approximately three weeks as well. All new sidewalks will be ADA compliant, with an average width of five (5) feet, and will increase pedestrian access and safety within Liberty County. The anticipated completion date for all work is August 2019.

During this project, area residents should expect to see traffic control elements such as row clearing (removal of trees), site preparation and construction. These elements may result in slower travel times along these streets. The public will be kept up-to-date on the progress of construction as sections of the project are completed at cityofhinesville.org. Area residents are also encouraged to sign up for the Notify Me application on the City of Hinesville's website (cityofhinesville.org) to receive news alerts regarding issues in Hinesville, including any future road closures for this project.

For questions about the project, please contact Whitney Morris, City of Hinesville Public Relations Manager, at wmorris@cityofhinesville.org or 912.408.3569.

ABOUT THE CITY OF HINESVILLE:
The City of Hinesville was established in 1837 and is recognized as one of the fastest growing cities in the State of Georgia in both size and population. As the largest city in Liberty County, it serves as the county seat and is home to more than 35,000 people. For more information, visit cityofhinesville.org.
